

# Konza: Major Geologic Units

This map shows the "Series" or grouping of the geologic structure. Series, is the most detailed portion of this data set, yet there is little in the way of associated data. The spatial data also contains data on geologic formation, age, geologic era, and rock type .

## Geologic Series

- ADMIRE
- ALLUVIUM
- CHASE
- COUNCIL GROVE

## Areas of Interest

- Konza

# F

Kilometers
